-

3-Minute Setup Checklist

Today (Critical):

- ☐ Visit your website and test all features
- ☐ Replace sample reviews with real ones
- ☐ Test the chat widget
- ☐ Subscribe to your own email list

This Week (Important):

- ☐ Set up Supabase (optional but recommended)
- ☐ Verify Resend domain
- ☐ Add Google Analytics tracking
- ☐ Create email welcome series

This Month (Optimization):

- ☐ A/B test different headlines
- ☐ Add more product reviews

- [] Create new bundle combinations
- [] Analyze conversion data

Key Metrics to Track

Metric	Before	Target	Current
Conversion Rate	__%	+20%	__%
Avg Order Value	\$__	+25%	\$__
Email Signups	__/day	+50%	__/day
Cart Abandonment	__%	-15%	__%

Quick Troubleshooting

Chat not working?

→ Check OpenAI API key in Vercel

Emails not sending?

→ Verify Resend domain

Supabase errors?

→ Add credentials to Vercel

Deployment failed?

→ Check Vercel dashboard logs

Important Links

- **Vercel:** <https://vercel.com/dashboard>
- **OpenAI:** <https://platform.openai.com>

- **Supabase:** <https://app.supabase.com>
- **GitHub Repo:** <https://github.com/natureswaysoil/https-natureswaysoil.com->

Pro Tips

1. **Monitor daily** - Check analytics every morning
2. **Test everything** - Use incognito mode to test features
3. **Collect feedback** - Ask customers about their experience
4. **Iterate quickly** - Make small improvements weekly

5. **Track ROI** - Measure impact of each feature

 **Everything is ready! Your website is now a conversion machine!**
